Jarring honey

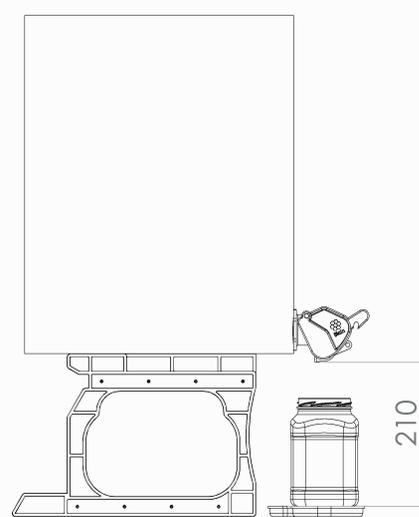

Two-position maturator stand

ø27-ø35

ø27-ø40

ø35-ø40

- Suitable height for filling jars
- Compatible with different maturator sizes (Ø27-Ø40)
- When the honey level decreases, the bucket can be placed in a tilted position for faster pouring
- Supports loads of up to 100 kg

Bonus:

Drip tray that collects any honey spilled outside the jar.

Art. №1302
